

GRANTS PROGRAM FRAMEWORK

The grants program framework follows best practice and integrates Council's grant funding activities so that they strategically align with community needs identified in the Community Strategic Plan (CSP).

Grants are distributed by the program via defined categories, in accordance with Council's strategic plan objectives and community priorities.

CATEGORIES

Grants are distributed through three funding categories that support current community needs and council priorities.

These categories may be reviewed and amended as necessary to maintain alignment with any future changes to council's vision, strategic plan or emerging community priorities identified through community consultation and Council strategic planning processes.

The categories are:

1. Edward River Council (ERC) Community Grants Program
2. Edward River Council (ERC) Annual Grants Program
3. Edward River Council (ERC) Quick Response Grants

COMMUNITY GRANTS

The Community Grants Program aims to:

- Foster support across a range of pursuits and interest areas including health and welfare, education, arts and culture, sports and recreation, youth, ageing, environment and access and equity; and

ANNUAL GRANTS

The annual grants category provides a council contribution to the funding of annual celebrations and events that are co-funded by state or federal departments and which support community-strengthening initiatives or improve the quality of life of Edward River residents.

Annual grants will not be provided for private, individual, or political celebrations or events.

Some of the grant funds, in this category, are distributed by Council on behalf of or in collaboration with other agencies or organisations.

This is a non-competitive category with funding allocated within Council's annual budget to celebrations or events approved by council during annual budget deliberations.
