

Our ANZACs

This April, the Edward River Library is proud to host a special exhibition presented by the Deniliquin Genealogy Society, showcasing a remarkable collection of historical photographs.

The exhibition features images of servicemen and women connected to the Deniliquin district—those who were born, enlisted, worked, or lived in the area at the time of their service. This powerful display offers a unique glimpse into the lives of local individuals who served their country across generations.

Titled Our ANZACs, the collection honours service personnel from a wide range of conflicts, including the Boer War, World War I, World War II, Korea, the Malayan Emergency and Confrontation, Vietnam, Iran Jaya, the Gulf War, Somalia, Timor-Leste, Afghanistan, Iraq, Bougainville, the Solomon Islands, and Border Protection operations. Visitors are invited to explore this moving tribute throughout April and reflect on the contributions and sacrifices of those with ties to our local community.

Dyslexic Font on BorrowBox

BorrowBox allows users to customize eBook reading settings to include a specialized "Dyslexic" font designed to improve readability. Users can activate this font, along with adjustable font sizes and background colours (such as sepia or night mode), in the display settings (menu) within the app.

How to Activate the Dyslexic Font in BorrowBox:

- Open a Book: Open an eBook in the BorrowBox app.
- Access Settings: Tap the centre of the screen to bring up the menu, then select the "Aa" or "two A's" icon in the bottom right/left corner.
- Select Font: Within the display settings menu, click on the font option and select "Dyslexic" from the available options.
- Customize: In the same menu, you can further improve readability by adjusting the text size, line spacing, margins, and switching the background to a sepia (yellow) tone.

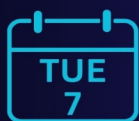

The app will remember these display settings for future books.
