The July title of the month on Borrowbox is the eBook of *The Detective* by Matthew Reilly. *An action-packed thriller.* For 150 years, women have been going missing. And all of the investigators who went in search of them - from 1877 to the present day - have disappeared, too. Now Sam Speedman, a most unique private detective, is on the case.

**BorrowBox Spotlight**

The August title of the month on Borrowbox is the eAudiobook of *Outback* by Patricia Wolf.

Two missing backpackers. One Vast Outback.

DS Lucas Walker is on leave in his hometown of Caloodie, taking care of his dying grandmother.

When two young German backpackers vanish from the area, he finds himself unofficially on the case.

But why all the interest from the Federal Police when they have probably just ditched the heat and dust of the outback for the coast?
